Observation (s) —

Amendment—

The mover of the — cannot make a speech at the time of moving for leave to withdraw it. 400.

Bill—

When a — is referred to a Select Committee, it means that the House has agreed to the principles of the —. 90.
 When the House is considering the report of the Select Committee on a —, if the Hon'ble Member wants to oppose any clause, he can do so when the Chair submits the — to the House, clause by clause. 80
 In respect of the Hon'ble Member's proposal to redraft Chapter IV of the Tenancy — as reported by the Select Committee, he could have sent in amendments to that effect and discussed them when the particular clause or clauses are taken up for consideration. 693.

General—

If arguments are repeated, the Chair will have to cut short the speeches. 806.
 Instead of criticising, the Hon'ble Member may give some constructive suggestions. 947.
 It is the legitimate function of the House itself and not of the Speaker to impose by some positive act or decision the penalty on a member who has rendered himself liable by sitting in the House without taking the oath. 81.
 On the statement of the Law Minister on arrangements connected with General Elections in the Mysore State, the opinion of the House cannot be taken. 124.
 The Chair cannot ask the Hon'ble Chief Minister to make a statement. But if he is making a statement on the floor of the House, the Chair has no objection. 963.
 The Hon'ble Member has got to give notice in writing of the motion and the Chair must then consider its admissibility. 1010.
 The new rules of Procedure would apply to committees set up in future. In respect of committees set up already, the Minister concerned would continue to be the Chairman.

Oath—

As the new member is evidently unaware of the seriousness of his action in sitting in the Assembly before taking the —, the Chair would recommend to the House that it may not pursue the matter. If any member desires to move a formal motion, he may do so and then we can take it up and decide the issue. 81.

Question (s)—

Hon'ble Member cannot carry on discussion during — hour. He can only elicit information and take some other opportunity to discuss the matter. 6.
 If — lapse the Hon'ble Member's privilege is not affected thereby. 683.
